\* The Editorial | Artwork Due date is the projected production start date and the date we need all content for the issue, including ads.

\* Based on the needs of the Association, these dates may be pushed back to accommodate events, legislative concerns or last minute news, which makes the publication current and relevant and increases the value to members and advertisers. However, all publications are published as close to these dates as possible.

\* Digital ads are published on the same schedule as the print magazine. One supports the other, which has proven ROI.
